If all of your correction are made, are you okay with this being a handout? I've asked Alanna what she intends to do with these talking points. She said initially it was for a meeting, which to me means she was using these as talking points. But then she forwarded the information below, which shows she and Rich Muza are manning a booth at an outreach event. That means this is more of a handout. So I've put a call into her to ask.

This is a short list of Feb. events. Let me know if additional info is needed.

February 6 (Alanna & Rich M. will participate with EPA booth and possibly table discussion)  
Environmental Justice Talks: Earth, Wind & Fire (North Portland neighbors and concerned citizens learning and listening together). 5:30 to 8:30 p.m. at the Community Room at New Columbia, 4610 N. Trenton, Portland. This free event will include a delicious dinner, a discussion on environmental justice and health, small group discussions, and a conversation with representatives from the Oregon Department of Environmental Quality and Legislators. Presented by EMO's Interfaith Network for Earth Concerns. For more information, call (503) 221-1054. [Download event poster.](#)
